

INTERNATIONAL SPLIT SUMMER SCHOOL 2026

COURSE: INTERNATIONAL SPLIT SUMMER SCHOOL 2026

ENVIRONMENTAL PROTECTION ISSUES – YESTERDAY, TODAY, TOMORROW?

Contact person: Ph.D. Ivana Radić, Head of the Center for Lifelong Learning - Faculty of Law, University of Split

Phone: +385 21 393 538

Mail: iradic@pravst.hr

Course description:

Participants will acquire knowledge of theoretical and practical issues of environmental protection from the historical beginnings of the basic principles of environmental protection, specific aspects of achieving adequate legal protection of the environment within various branches of law (commercial, maritime, insurance, civil, criminal, criminal procedure, family, international private), but also a sociological approach to the topic of environmental protection. The ultimate goal is to explore the advantages and disadvantages of existing solutions at the international and European level (in theory and practice) and to point out the necessity of an interdisciplinary, global approach to environmental protection.

The course consists of lectures, seminars and workshops and exercises.

Main topics

- **Legal aspects of ISO 14001 related Compliance obligations for the Company and its Management**
- **Civil Liability in the Field of Environmental Protection**
- **Transnational Civil Litigation in Environmental Matters**
- **Children's environmental rights**
- **Contemporary Issues, Themes and Perspectives in Social Ecology**
- **Grassroot activism and environmental movements – is there any impact on social sustainability and justice?**

Programme structure

- 5-day course
- Materials related to the International and European theory, case law and analysis, legal sources and other sources that will be analysed according to Program plan, will be provided to students.
- Every student get lecture notes bound into a booklet (lecture notes also send on students email address.
- Lecture notes will be provided for students practice (workshop, essay).

- **Oil Pollution Caused by Tankers – The Basics of the P&I insurance**
- **Criminal offences against environment: Development and Perspective**
- **Challenges in the investigation and criminal prosecution of environmental crime (1.-2.)**
- **The development of legal concepts of environmental protection according to Roman law solutions**
- **English in an Environmental Law Context**
